

Snow Parking Restrictions
Please follow “Snow Emergency” Policy
for February 8 & 9 2017

There is no overnight parking in the Town of Haverstraw from November 15 through April 15th of each year. Vehicles parked illegally or abandoned on road are subject o towing at the owner’s expense as well as being ticketed by the Police Department.

The Town has in place a “Snow Emergency” police. This law requires that time when snow accumulations reach more than 2 inches, no vehicles may be pared on any street designated as a “Snow Emergency Route” no matter what time of day or night. As soon as you are aware that bad weather is on the way, please make sure your vehicle is off the street. This protects your car from being splashed with slush, getting plowed in, or being hit by passing vehicles. Best of all, the snowplow has space to plow the snow and clear the roads.
