

CHAMPLAIN HUDSON POWER EXPRESS

There is the possibility of a winter storm that will impact Rockland County on Wednesday, March 7th. (Hudson Valley Weather: <https://hudsonvalleyweather.com/forecast/>) If the storm materializes and creates severe winter conditions the Champlain Hudson Power Express Public Open House that is scheduled at the James Farley Elementary school for 6:30 pm that evening may be rescheduled. We urge those of you who are interested in learning more about this project to attend one of this weeks alternative open houses.

March 5th:

**6:30-8:30, The ARC Rockland
25 Hemlock Drive, Congers, NY**

March 6th:

**6:30-8:30, The Haverstraw Center
50 West Broad Street, Haverstraw, NY**

(Spanish Translation Available)

Transmission
Developers Inc.

In the case of cancellation, the Stony Point meeting will be rescheduled.

upgrade 9W?*
YES.

*Will local labor
be used to
construct
the line?*
YES.

JOIN US FOR AN INFORMATIONAL MEETING.

The Champlain Hudson Power Express—a fully buried, minimally invasive clean energy transmission line—is hosting informational meetings for residents of northern Rockland County. Please join us as we unveil our improved underground route through the towns of Stony Point, Haverstraw, and Clarkstown and the villages of Haverstraw and West Haverstraw. This is your opportunity to hear directly from the project's developers, ask questions, and learn about the potential benefits for Rockland County, including upgrades to roads and recreation areas, and significant new tax revenue.

March 5th
