The New York State Office of General Services (NYSOGS) has received the Joint Application Form (JAF) for your proposed project to construct a municipal recreation facility.

Based on a review of the proposed activities, it has been determined that the activities do not require a permit from NYSOGS. Please be aware that this determination does not obviate the need for permits and/or permissions from other involved agencies

Please save this email as proof of determination by NYSOGS of "No Permit Required" since we will not be sending additional correspondence related to this determination.

Thank you for your interest in the Lands Underwater Program which is administered by the Office of General Services. Should you have any questions, please do not hesitate to contact me.
